STATINTL

1. This memorandum serves to follow up the telephone conversations you have had with Mr. [REDACTED] of my Engineering Division and myself.

STATINTL

2. My staff has been in contact with Mr. [REDACTED] Deputy Director for Applications, and Command DCI Staff, regarding the requirement for and installation of a Delta Data terminal with attached Texas Instruments printer in the DCI office complex, as requested in the referenced memorandum.

STATINTL

STATINTL

3. Commander [REDACTED] designated a location for the terminal and printer, in Room 7D5611, Headquarters. Mr. [REDACTED] Office of Security, Information Systems Security Group, has seen the proposed location and has given verbal approval for the installation.

STATINTL

4. Please note the requirement for you to install AC power for the terminal and the printer. As we previously discussed, you should also provide a desk or table on which the terminal and printer are to be placed. Should a standard "Tab" terminal table be used, access way to the two desks in 7D5611 would be overly restricted. Commander [REDACTED] suggested a modified table could be procured or fabricated for the terminal and printer, one on
